

## ENQUÊTE DÉCOUVERTE

### DISCOVERING ENGINEERING

Lecturers: **Grégory VIAL**

| Lecturers : 0.0 | TC : 4.0 | PW : 0.0 | Autonomy : 0.0 | Study : 0.0 | Project : 0.0 | Language : MI

#### Objectives

---

The objective of this training is to discover various aspects of the engineer's job. Every student is invited to contact two engineers of his choice (one of them being centralien) and to meet them to talk about their career. Analyzing the different interviews will allow the student to build his own professional project. This training focuses on SD&CSR issues in companies as well.

**Keywords :** Engineer, career, professional project

#### Programme

Interviews of two engineers having different careers. Oral presentation by group of 6 students, in presence of a professor and an engineer

#### Learning outcomes

- Prepare and lead an interview
- Understand the realities of being an engineer
- Give a written and an oral report
- Build his own professional project

#### Independent study

**Objectifs :** Establish an individualized relationship with at least two active engineers, if possible from "Ecole Centrale de Lyon", with different profiles.

**Méthodes :** Preparation of the meetings (contact, questionnaire, ...). Report and preparation of the restitution (quick presentation of the survey framework, analysis of the information received and conclusions for the construction of the professional project)
